THINK OIL & GAS

The rugged and reliable Airbus Helicopters' range is put to the test transporting crews safely to and from assignments. Enduring extreme heat and freezing weather conditions to reach offshore rigs and wells in remote land-based locations.
Discover an EC175

 **AIRBUS**
HELICOPTERS

THINK BUSINESS

When it comes to gaining a competitive edge in commerce, you simply need the best. With our helicopters, you will fly faster and more safely while enjoying greater comfort and reliability. Invest in an EC130T2.

 **AIRBUS**
HELICOPTERS

THINK LAW ENFORCEMENT

Airbus Helicopters equips the best police pilots with an ultra range of surveillance security helicopters. Serving communities for protection, surveillance and interception duties. Outpacing criminals and patrolling the highways. Invest in EC145T2.

 **AIRBUS**
HELICOPTERS

THINK SEARCH & RESCUE

The future of search and rescue, BHS, the largest range and largest capacity in its class, the arrival of this amazing equipment can be matched with vital search, rescue and observation technology. A stable and powerful platform for saving lives under the toughest conditions. Call for the all new EC225.

 **AIRBUS**
HELICOPTERS

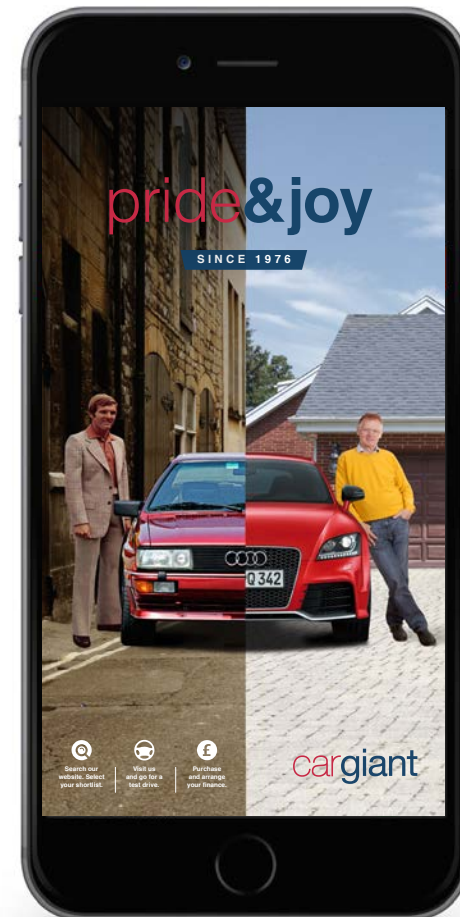

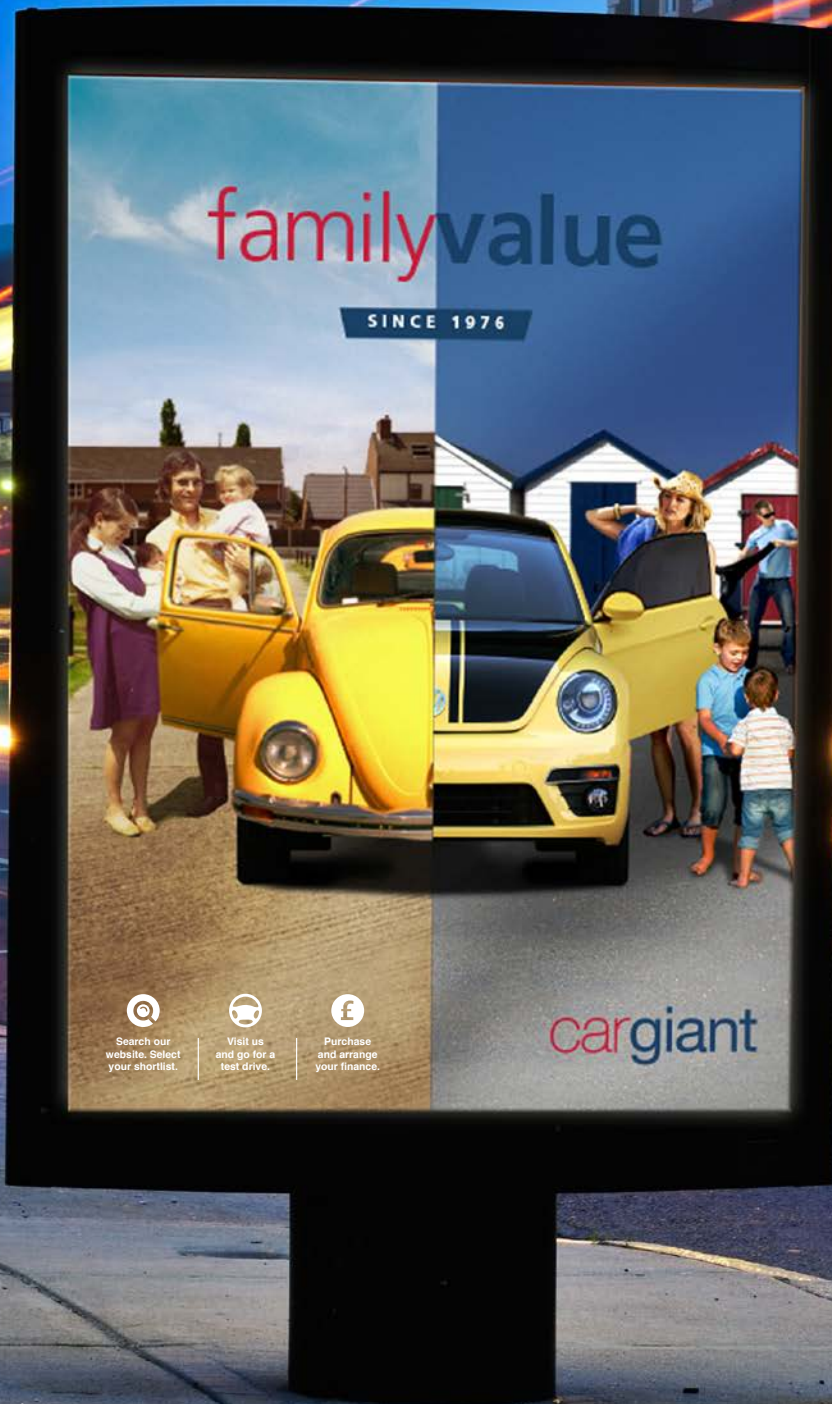

THINK SPECIAL OPERATIONS

Armed with cutting edge defense helicopter technology. All weather capable, certified in the harshest environments, combat proven. Ready for special operations from most remote areas or warzones. EC725 - Deploy the best.

Transforming origination and servicing for lenders

Helping you to deliver superior service

BancTec understands the aspirations, processes and needs of lending businesses. With a track record of understanding the challenges and potential pitfalls for both new market entrants and established participants, BancTec is the partner of choice for lenders looking to launch or upgrade their lending capabilities.

BancTec's latest innovative origination and servicing platforms enable the introduction of streamlined operational processes, in order to achieve the highest levels of efficiency and customer experience. Clients and users testify these advanced solutions exceed the requirements of all parties involved in the lending lifecycle and accommodate the needs of all communication and business origination channels.

Utilising the latest technology advancements and techniques, our highly configurable web-based solutions can be tailored for each client's individual requirements. Catering for all types of secured and unsecured lending activities, BancTec is additionally able to offer flexibility on the key elements of deployment, implementation and commercial terms.

To transform your mortgage origination and servicing experience, call now to discuss how we can help you to function in business better.
